ASHWIN S I

CSE student at St. Joseph's Institute of Technology with strong web development skills in HTML, CSS, and JavaScript. Experienced through online internships, I excel at turning designs into responsive web interfaces. Passionate about front-end development and eager to contribute to innovative projects while continuing to grow my skills.

Educational

St. Joseph's Institute of Technology

2023 - 2027
B.E CSE
GCPA - 9.14/10

AMM Matriculation Higher Secondary School

2009 - 2023
12th - 91%

Interships

TechnoHack Intership - Web Development

August 2024
- Gained experience by creating applications like a currency converter and calculator, streamlining development processes.

Projects

Internal Mark Calculator

April 2024 - Present
- Allows students to input marks from various exams to calculate their internal marks and predict necessary scores for external exams.
- Added a new feature (4/7/2024) to display possible marks based on the highest scores in the class, enhancing the tool's ability to help students understand grading outcomes in a relative grading system.
- Each semester, the grading system changes, so the semester website will be updated accordingly
- **2000+ users**

YUCII HOMEPAGE

May 2024
- The site includes all relevant links, ensuring users can connect with Yucii across different platforms seamlessly.
